Grants Review:

1. SUS Club Operations Grant - CMSSA (Account Code = 601) 56% \$672

Membership: 6%

- missing the total amount of membership fees levied
- ratio of execs to club members is quite large
- all science students

Events: 20%

- no description for future events
- no estimated revenue for future events

Budget: 18%

- easy to read and understand
- expecting a deficit; deficit can be easily accounted for through hosting less events
- somewhat unrealistic revenue for hoodie sales
- does not include the operating surplus from previous year
- does not include the potential grant money received

Rationale: 12%

- clear purpose and goals
- collaboration with ISSA is apparent
- no clear address for fiscal accountability/transparency
- a lot of the points outlined in the application were not addressed

2. SUS Club Operations Grant - Physics Society Club 45% \$540

Membership: 1%

- have names, student numbers and emails of members

- unclear of the faculty for each member, can't assume to be all science students
- missing membership fees levied
- missing executive list
- unclear what the Xs mean or the red highlighted portions

Events: 16%

- good balance of academic and social events
- missing revenue for most of the events
- missing projected attendance

Budget: 25%

- decent budget
- calculated the potential grant money as their cost

Rationale: 3%

- little to no effort shown
- includes only goals or area of focus

3. Club Careers Night Grant - Pre-Pharmacy Society \$300

- easily understood purpose and breakdown of event
- touches on all aspects of the application very thoroughly

4. Professional Development Fund - Jacqueline Siu \$300

- apparent interest in what she is doing
- clear on where the money from the grant will be used for
- budget is easy to understand
